SEMINAR: "APPLYING INFRARED (IR) THERMOGRAPHY TO MARINE SURVEYING"**

[Allinson Infrared Inspection Services, Inc.](http://www.airisinc.com) is pleased to announce that John (JACK) N. Allinson, II, Accredited Marine Surveyor and Level III Certified Infrared Thermographer will be conducting Sixteen (16) Hour seminars during the 2012 calendar year in Jacksonville, Florida.

Pre-requisites for taking the "optional exam" for "Application Certification" at the conclusion of the seminar are a current Level I Certificate showing knowledge proficiency in Infrared Thermography and a copy of Standard for Infrared Inspection of Recreational Yachts & Small Craft Constructed of Fiberglass Reinforced Plastic and Composite Materials 2011 Edition, "The Standard".

Details on how to obtain a copy of "The Standard" and for taking Distance Learning courses that satisfy these pre-requisites may be found through links on www.airisinc.com. Listed below are the itemized costs of items needed to satisfy these prerequisites. We suggest you take advantage of our offer of "The Bundle" representing a \$175 savings. SAMS® surveyors may receive up to an additional 15 CE's for completion of the online distance learning course for a total of 31 CE's from these seminars.
